

Former AZ Gov. Janet Napolitano's "Arizona Mafia" and Doug Ducey: Executive Summary

This document describes former Arizona Gov. / Obama-DHS Secretary Janet Napolitano's "Arizona Mafia" political group, and the "Arizona Mafia's" influence over Arizona Governor Doug Ducey. Napolitano's "Arizona Mafia" is called "the invisible hand that controls Arizona politics." and "the strong-arm of the United States Democratic Party." They are closely connected to Nancy Pelosi and other top Democrats.

Named the "Arizona Mafia" in an article that ran July 19, 2013 in the *Arizona Capitol Times*, an official newspaper of record in Phoenix Arizona. The "Arizona Mafia" is a group of about 20 political operatives loyal to former Arizona Governor/Obama DHS Secretary Janet Napolitano.

The "Arizona Mafia" started out as somewhat of a "joke name" when it was first used to describe Napolitano's group in D.C. under Obama (2008-2009). However, over the years the name has become more appropriate.

The summary herein, compiled from publicly available information, describes Napolitano's "Arizona Mafia", their strong connections to the ultra-corrupt Mexico-PRI political party, and the "Arizona Mafia's" influence over Arizona Governor Doug Ducey.

Conclusion:

Doug Ducey hopes to cash in for millions of \$\$, after he is done being Governor of Arizona, through his involvement in the new "SkyBridge Arizona" "international port" currently being developed at Mesa Gateway Airport in Arizona.

Ducey has not disclosed to the people of Arizona that "SkyBridge Arizona", which he has endorsed, is financed by figures associated with the highly corrupt Mexico-PRI political party and their frontman in Arizona, Democrat Marco A. Lopez Jr., who serves as Senior Advisor to Mexico's Carlos Slim, and who is a close business partner of Cindy McCain.

 DEA: Carlos Slim is a frontman for the corrupt former President of Mexico, Carlos Salinas 46

The most corrupt Former President of Mexico in the past 30 years, Carlos Salinas, is well known throughout academia and political history for stealing political elections through massive fraud.

No one has to convince the country of Mexico that the most corrupt former President in the recent political history of Mexico, Carlos Salinas, is North America's top expert thief when it comes to stealing elections through complex electoral fraud.

Salinas famously stole the 1988 election, resulting in 30 years of suffering for Mexico.

In the 1988 election, Salinas's opponent was winning, until the "computer system crashed" late that evening.

When the "computer system" came back online, Salinas was winning the election.

Salinas then proceeded to jail, and torture, his political opponents.

This is a famous story in Mexican political history.

The story of how Carlos Salinas stole the 1988 Presidential Election in Mexico is known by all Mexicans and led to 30 years of turmoil and suffering in Mexico.

Former Mexico President Carlos Salinas is now controlling Arizona Governor Doug Ducey, through Arizona Democrat Marco A. Lopez, Jr., an operative in former AZ Governor Janet Napolitano's "Arizona Mafia" political group.

Introduction: Who is Marco Lopez, Carlos Salinas’s new frontman in the Arizona Democratic Party?

Arizona Democrat political operative Marco Lopez, member of former AZ Gov. Janet Napolitano’s “Arizona Mafia,” speaking at the "McCain Institute" last year

Who is Jeffrey Peterson, Marco Lopez's friend who became a public whistleblower about Napolitano's "Arizona Mafia?"

Picture of Jeffrey Peterson and Marco Lopez at Carlos Slim's main business complex, Plaza Carso, in Mexico City in 2014

According to Twitter posts, technology entrepreneur Jeffrey Peterson, formerly CEO of the Quepasa/MeetMe Social Network (50 million members, sold to Senator Rick Scott in 2007), was friendly with former AZ Governor/Obama DHS Secretary Janet Napolitano, Marco Lopez, and other top members of Napolitano's "Arizona Mafia" group for about fifteen years. Peterson was formerly a top Democrat donor, the #2 donor in the State of Arizona to Democrats while Napolitano was Governor there (2003-2008).

Peterson "walked away" from his "Arizona Mafia" Democrat friends several years ago after discovering their corruption. Peterson says he is now a political conservative and is the "walk away" former member of Napolitano's "Arizona Mafia."

Peterson has, for the past two years, publicly disclosed previously unknown information about Napolitano's "Arizona Mafia" group and their connections to Mexico's highly corrupt "PRI" political party.

Twitter ID: @realjeffreyp

Napolitano's group, led by former disgraced U.S. Attorney for Arizona, Dennis K. Burke who resigned in the Obama-era "Fast and Furious" weapons trafficking scandal, have been attacking Peterson in court ever since he departed their group.

In "Fast and Furious," the Obama government was accused of trafficking weapons to the Sinaloa drug cartel in Mexico, through agencies of the United States Federal Government.

The Sinaloa cartel is said to be under the control of Mexico's most corrupt President in the past thirty years, Carlos Salinas and his "PRI" political party.

As demonstrated throughout this document and by significant additional evidence, Napolitano's "Arizona Mafia" political group now works closely with Carlos Salinas and the Mexican-PRI political party.

Doug Ducey, raised as a humble 'boy scout' who always hoped to strike it rich, was excited to meet Mexico's top billionaire, Carlos Slim when Arizona Democrat Marco Lopez started working for Slim.

Marco Lopez and Carlos Slim in Mexico

Marco Lopez, Ariel Picker (Carlos Salinas front man, "the Mexican Elon Musk") and Doug Ducey

Picker is providing the funds for development of the "SkyBridge AZ" secret trafficking port they are developing in Mesa, AZ.

“Ariel Picker” is a figure who has been manufactured by the Mexican PRI political party.

Picker is 100% a Carlos Salinas frontman, as is Marco Lopez, now.

Picker is supposed to be like a “Mexican Elon Musk” type “successful entrepreneur.”

Picker is providing hundreds of millions of \$\$ to finance the "SkyBridge AZ" secret trafficking port in Mesa, AZ. No one knows exactly where he gets the funds.

Picker is a thug-frontman for some of the worst figures in Mexico. The Mexican press is full of stories accusing Picker of the same.

Picker is loosely described as CEO of a “security firm” in Mexico called “Seguritech” which is accused of accepting bribes and unexplainably receiving enormous contracts (hundred-million-dollar plus) with several Mexican States under control of the Mexican PRI political party.

In designing Picker’s “image,” the Mexico PRI political party counts on their belief that "Americans don't understand Mexican politics", probably a correct assessment. It works for them.

Twitter post ... Marco Lopez with Claudia Salinas

This is an astonishing image, as it establishes the link between Arizona Democrat operative Marco Lopez (connected to Pelosi, Napolitano, Biden, and many other top Democrats), and the Mexico-PRI political party.

Marco Lopez is, at present day, the “political connector” between all of these figures and his boss Carlos Slim, and Marco’s influence is quickly growing every day.

It is unthinkable how much power and influence the Mexican PRI political party will have (the PRI is said to control Mexican cartels) on the border and in the United States, through Marco Lopez and the Democrats, under a potential Biden presidency.

Claudia Salinas is a direct family member of ultra-corrupt former Mexican President Carlos Salinas himself

Claudia Salinas (pictured above with the current Governor of Arizona, Doug Ducey) runs the PRI political party that is famously known by most Mexican citizens as the most corrupt in the recent history of Mexico.

Manio Fabio Beltrones in the middle, he's become a billionaire as Carlos Salinas's top mastermind/operative over the years. These are extremely powerful, dangerous people. Most Mexican citizens, the overwhelming majority of Mexico, views Salinas himself as in the same league as a Vladimir Putin, Saddam Hussein, Gaddafi

It is now widely accepted in Mexico that the most recent ex-President of Mexico, Enrique Peña Nieto, was yet “another Salinas Puppet,” he is now accused of money laundering and connections to drug cartels by Mexico’s new President, Lopez Obrador.

Marco Lopez, pictured here with Doug Ducey, was Peña Nieto’s “advisor” for the United States because Marco Lopez is now the Salinas frontman for the U.S.

These are the people currently taking steps to establish control over the Government of the State of Arizona.

The Mexico-PRI political party is in the process of systematically taking over Arizona State Government through Marco Lopez, the new “Mexican PRI-puppet” / “front man” in Arizona who Arizona Gov. Ducey is now answering to.

On information and belief, if Ducey wants to put out a major press release or political decision now, he first clears it with Marco Lopez.

Marco Lopez of course clears his every step with the Mexico-PRI political leadership in Mexico City.

I mentioned in a previous post that **Carlos Salinas de Gortari**, former president of Mexico, and father of **Emiliano Salinas**, was rumored to have a murderous streak.

Actually, he seems to have started killing early. As a child of four, he reportedly shot to death a family servant.

Many more murders and assassinations are attributed to former Mexican President Carlos Salinas throughout the recent thirty years history of Mexico.

No one in Mexico needs to be convinced that Carlos Salinas is the most corrupt politician in the country, and that he still, today, controls most of Mexico, through his connections to all levels of corruption.

Carlos Salinas is said to personally pick the leadership of Mexican cartels.

The Netflix series “Narcos” featured Carlos Salinas as the de-facto head of the Mexican cartels.

Former Mexican President Carlos Salinas ... "An Assassin in the Presidency"

A brave Mexican journalist wrote this book about Carlos Salinas while Salinas was President of Mexico. The title is, "An Assassin in the Presidency." It is a famous book in Mexican political history.

All of Mexico hates former President Carlos Salinas with a passion and they know he is the puppeteer behind all of the past 5 Mexican Presidents, (supposedly, until the current one, Lopez Obrador, who seems to be anti-Salinas, but who knows)

Arizona Democrat operative/former Obama DHS Chief of Staff, Marco Lopez, if not stopped, will be the next Governor of AZ after Ducey.

Marco Antonio Lopez

President & CEO, International Business Solutions, Intermestic Partners

About Mr. Lopez

Marco Antonio Lopez is President and Chief Executive Officer of International Business Solutions, Inc. (IBS), a business advisory firm he founded in 2011 to provide strategic business development and policy direction to both international and domestic organizations.

He is a member of the Council on Foreign Relations and serves as Senior Adviser to the Chairman of Grupo Carso and The Carlos Slim Foundation. Mr. Lopez previously served as U.S. advisor to the successful presidential campaign of Mexico's President Enrique Peña Nieto on topics of border security and safety, border trade and commerce, and economic development. Before founding IBS, he was Chief of Staff at the United States Department of Homeland Security (DHS), Customs and Border Protection (CBP), helping lead an organization with a \$12 billion budget and 60,000 employees.

Prior to his transition into the private sector, Marco exhibited strong leadership skills in the public sector from a young age. At 22, shortly after graduating from the University of Arizona with a degree in Liberal Studies and Political Science, he was elected mayor of Arizona's largest border community of Nogales, Arizona—making him one of the youngest mayors in the United States. From there he moved into Janet Napolitano's gubernatorial administration in Arizona as an advisor and eventual Director of Arizona's Department of Commerce.

Due to Marco's proximity to Carlos Slim, his run for Governor of AZ will be backed by Bill Gates, Jeff Bezos, others. Arizona has never seen a candidate for political office with more robust financial backing than Marco's campaign will have.

The current Governor of Arizona, Doug Ducey, is beholden to Marco Lopez as he plans to retire as governor and then earn millions of \$\$ working on Marco's new "Skybridge AZ" "international port" with Mexico and U.S. customs in the same facility.

According to his Twitter posts, Jeffrey Peterson knew Marco for a long time. Arizona Governor Janet Napolitano asked Peterson to bring Lopez from Southern Arizona where he lived to work with her in Phoenix in 2003.

No one was closer or better friends with Marco than Peterson was, as Lopez rose to power, during ten to fifteen years.

According to his Twitter posts, Peterson was there when Marco first met Carlos Slim and then shortly thereafter when Marco became close with Carlos Salinas.

Peterson says he personally saw the whole thing happen. All of it unfolded over time. That he couldn't believe what was happening.

“Marco's Mom used to tell us that the entire problem with Mexico was Carlos Salinas and the PRI, that they were the biggest drug dealers in the world. Most of Mexico feels the same way.”

AZ Governor Ducey is completely compromised by Marco Lopez, former Gov. Napolitano's "Arizona Mafia," and by association the Mexico-PRI political party, with high hopes to make millions of the new "SkyBridge AZ" secret trafficking port

And Arizona Governor Ducey? Well, it's safe to say he's completely compromised by Marco Lopez, former Gov. Napolitano's "Arizona Mafia," and by association, the Mexican PRI political party, led by "Mexico's Saddam Hussein," former President Carlos Salinas.

Claudia was President of the Mexican-PRI political party, known by all Mexican citizens as controlled by “Mexico’s Saddam Hussein”, former President Carlos Salinas, at the time this picture was taken, a few years ago.

Most Mexican citizens who are old enough to understand the corrupt Salinas political family of Mexico would be disgusted by this picture.

One internet commenter remarked, “I almost feel sorry for Ducey, because he has absolutely no idea what or who he’s involved with here ...” “... but then again, maybe he does.”

The famously ultra-corrupt ex-President of Mexico, Carlos Salinas, and Carlos Slim continue to buy up influence in the U.S. with their billions of \$\$

Throughout Mexico, Mexican citizens believe that Carlos Slim and the ultra-corrupt former President of Mexico, Carlos Salinas, are business partners. Slim's fortune was earned when President Salinas "privatized" (gifted) Mexico's most valuable state-owned monopoly, Telefonos de Mexico, to Slim.

Although Salinas-Slim connections have been raised many times in the past by the Mexican press, no Mexican journalist dares cover the story any longer. Many have been hanged, shot, or otherwise murdered for even touching the story.

As described throughout this document, Carlos Salinas's crowning accomplishment of his corrupt political career is the development of the new "SkyBridge AZ" "international port" project at Mesa Gateway airport in Phoenix.

"SkyBridge AZ", currently being developed by Salinas frontmen Marco Lopez (US) and "Ariel Picker" "The Mexican Elon Musk", promises to be a huge project for the Arizona economy. In my opinion, and what millions of Mexican citizens would believe when they hear the name Carlos Salinas, is that the "SkyBridge AZ" project is really intended to serve a dual-purpose as a gigantic clandestine trafficking port.

AZ Gov. Doug Ducey hopes to cash in and earn millions of \$\$ working with "SkyBridge AZ" when he is done being Governor of Arizona.

Final analysis

The PRI's "master plan," the crowning accomplishment of Carlos Salinas's corrupt life, will be the completion of the "SkyBridge AZ" secret trafficking port at Mesa Gateway airport in Phoenix, developed by Marco Lopez and "Mexico's Elon Musk," PRI front-man Ariel Picker.

No idea how many drugs and how much human trafficking they can move through the Mexico-PRI architected "SkyBridge AZ" "international port" with Mexico and U.S. customs in the same facility that they've unquestionably designed as "friendly" to their underhanded criminal activities. I'm sure it will be unprecedented in U.S. history.

Conclusion

You are now up to speed on former Obama DHS Sec. Napolitano's "Arizona Mafia," the Mexico PRI political party's "front man in the U.S.," Marco Lopez, and their influence over Ducey.

This is 100% correct information; it will survive any amount of investigation or due diligence.

It is a super important, sensitive, secret story the Democrats hoped to keep quiet until Marco could become Governor of AZ which is in the plans for the next cycle (2022).

Marco will be hard to stop. Aside from his strong financial backing from top Democrats, Ducey has helped Marco to line up the entire political apparatus in AZ to usher in Marco as the next Governor.

This is good, completely true, information from a former Arizona Democrat political insider who was the #2 donor to Democrats in the State of Arizona.

The Mexico PRI political party is on their way to controlling all of AZ State Government, so as to protect and continue to promote their new "SkyBridge AZ" "international port": The Democrats, friendly with the Mexican PRI political party, already have both Senators, many congressional reps, and soon they will install Marco as the Governor there.

Highly concerning for residents of Arizona, and all citizens of the United States.

Thank you for your attention.

“According to the Arizona Capitol Times, “At least 25 Arizonans, mostly from within her gubernatorial administration, followed [Janet] Napolitano to Washington D.C., and served within the massive U.S. Department of Homeland Security that she has overseen for the past four-and-a-half years. Many have moved on to bigger and better things.”

Arizona Mafia is not a fiction – but a group of Democrats from Arizona in DC – and they are meddling in NXIVM case

“The ties are clear, real, and verifiable from multiple sources. The ties of the “Arizona Mafia” within the United States Democratic party and their business dealings, social friendships, and interests in Mexico suggest and reveal numerous current and past ties between the Democratic Party and former Mexican President Carlos Salinas.”

Sample potential comments regarding Arizona Gov. Doug Ducey and former Arizona Gov. Janet Napolitano's "Arizona Mafia" political group

The following is a sample of what public comments could look like regarding Ducey's publicly documented promotion of the new "SkyBridge AZ" "international trafficking port" in Mesa, Arizona:

"Online researchers have easily identified the unquestionable links between Arizona Governor Doug Ducey, who serves as Chairman of the Arizona-Mexico Commission, and Arizona Democrat Marco Lopez, who is the new de-facto FRONT MAN for the famously corrupt Mexican PRI political party.

Marco Lopez, together with his Mexican-P.R.I. backers, including the most corrupt President in the past thirty years of Mexican politics, Carlos Salinas, who stole the 1988 Mexican election through massive fraud, are developing the "SkyBridge Arizona" project at Mesa Gateway airport, which promises to make Doug Ducey RICH after he's finished being Governor.

Doug, what promises have Lopez and his corrupt Mexican-P.R.I. backers made you with SkyBridge Arizona for after you're done as Governor there?

And even more importantly, Doug, why are you allowing Carlos Salinas to install a corrupt international trafficking port, with both Mexican and U.S. Customs in the same facility, without telling the people of Arizona that Ariel Picker, the source of funding for SkyBridge Arizona, is yet another Carlos Salinas puppet?

Doug Ducey, the people of Arizona want to know why you're involved in SkyBridge Arizona without telling them about SkyBridge's connections to the highly corrupt Mexican-PRI political party and Mexico's most corrupt political figure, Carlos Salinas de Gortari."

A Chronology | Murder Money & Mexico | FRONTLINE | PBS

“1988 Carlos Salinas de Gortari is elected president of Mexico. Many suspect the election was rigged and that perhaps Cuauhtemoc Cardenas of the PRD won.”

“1992 Carlos Salinas imposes the first written regulations on DEA officers in Mexico. The regulations limit the number of agents in Mexico, designate certain cities in which they must live, deny the officers diplomatic immunity, require all information to be turned over to Mexican authorities, and prohibit agents to carry weapons.”

“November, 1994 The New York Times later says that on this date the U.S. government gave president-elect Zedillo a list of Mexican government officials they suspected of corruption or drug trafficking links--people the U.S. presumably did not want appointed to positions in the new government. Governors Manlio Fabio Beltrones and Jorge Carrillo Olea are both said to be on this list.”

“November 15, 1995 Paulina Castanon, wife of Raul Salinas, is arrested in Switzerland for trying to access Raul's safe deposit box at a private bank. She is questioned by Swiss investigators who tell her the reason for her arrest was a Swiss suspicion that some of the \$100 million or more in Raul's foreign accounts was connected to drug trafficking.”

“I write “allegedly” the richest person because most of the fortune that is attributed to Slim actually belongs to one of Mexico's biggest thieves, former President Carlos Salinas de Gortari.”

“The question, however, is why the U.S. and Mexico did nothing to sanction Salinas in spite of the US\$10 billion he stole **[and stealing the 1988 election through massive fraud]** from the Mexican people.”
